## ES

**SF-A128D 1.** Es un sistema para puertas correderas plegables de hasta 125 kg por par de hojas. **2.** La instalación permite cerrar espacios con un mínimo de 2 hojas y con un máximo de 6. **3.** No necesita perfil inferior, propiedad que nos permite dejar el espacio libre de obstáculos una vez abiertas las hojas, y que lo convierte en un sistema ideal para divisiones interiores. **4.** El sistema permite cerrar espacios hasta 3m con paneles de la misma medida.

## EN

**SF-A128D 1.** is a folding system for sliding doors up to 125 kg per pair of sheets. **2.** The installation allows to close spaces with a minimum of 2 sheets and a maximum of 6. **3.** This system does not need a lower profile, a property that allows us to leave the obstacle free space once the leaves are opened, making it an ideal system for interior divisions. **4.** The system allows to close spaces up to 3m with panels of the same size.

## FR

**SF-A128D 1.** est un système pliant de portes coulissantes jusqu'à 125 kg par paire de feuilles. **2.** L'installation permet des espaces étroits avec un minimum de 2 feuilles et un maximum de 6. **3.** Ce système n'a pas besoin d'un profil inférieur, une propriété qui nous permet de quitter le franchissement d'obstacles de feuilles, une fois ouvert, et qui le rend idéal pour l'intérieur du système de partitions. **4.** Le système permet jusqu'à 3m espaces étroits avec des panneaux de la même taille.
